PROFESSIONAL SUMMARY

Detail-oriented Full Stack Developer with expertise in Java, Spring Boot, and Angular, transitioning to specialize in integration solutions using MuleSoft Any Point Platform. Seeking a role as a Security Engineer II at Etsy to leverage technical skills and passion for security engineering to automate day-to-day tasks, write new detection logic, and participate in incident response.

EDUCATION

Wilmington University   New Castle, DE
Master of Science (M.S.) Information Systems   Expected grad: December 2024
GPA: 3.9/4.0

CMR COLLEGE OF ENGINEERING AND TECHNOLOGY   Hyderabad, Telangana
Bachelor's   August 2022
GPA**:** 7.32/10

EXPERIENCE

Concentrix Catalyst   Hyderabad, Telangana
Full Stack Developer   December 2022

- Developed and maintained scalable web applications using Java, Spring Boot, and Angular.
- Integrated AWS services for cloud-based solutions, optimizing application performance and scalability.
- Conducted code reviews, participated in agile development, and contributed to continuous learning initiatives.

SKILLS

Languages:	Java, JavaScript
Web Technologies:	HTML, CSS, Angular
Frameworks:	Spring, Spring Boot
Database:	MySQL, PostgreSQL, R
Cloud Services:	AWS
Version Control:	Git
Tools:	Eclipse, IntelliJ, Visual Studio Code, Docker
Testing:	JUnit
Web Services:	RESTful APIs, Servlets
Methodologies:	Agile

PROJECTS

- Developed e-commerce and task management applications using Java, Spring Boot, Thymeleaf, React, and Angular. Implemented RESTful APIs for product catalog, user authentication, order processing, and task management. Utilized Bootstrap for responsive and user-friendly front-end design.

ADDITIONAL QUALIFICATIONS

- Experience with security engineering principles and practices.
- Familiarity with SIEM and SOAR platforms.
- Proficient in developing tools and automation in common programming languages.
- Exposure to database technologies.
